

Make a
Conchita Chick Puppet

PATTERN FOR A CONCHITA CHICK PUPPET

The puppet is cut from 12" X 12" squares of colored felt. You will need the following:

- 3 squares of yellow felt
- A small amount of blue
- A small amount of white and orange
- A small amount of blue
- 2 tiny green pompoms for eyes

The puppet body pattern should be placed on a fold of the fabric at the dotted line. You will need two body parts—one for the front of the puppet and the other for the back of the puppet. **IMPORTANT: Do not glue or sew the front to the back until the other pieces are in place.** Cut out the other pieces. Sew or glue the pieces to the front head piece before putting the puppet together. Draw features on with a magic marker. (Alternative—embroider the features on.) This should be done prior to putting the puppet together. The puppet can then be sewn or glued together around the edges leaving the bottom open for your hand.
