

Make a Tweaky the Hummingbird Puppet

PATTERN FOR A TWEAKY PUPPET

The puppet is cut from 12" X 12" squares of colored felt. You will need the following:

3 squares of green felt
A small amount of yellow
A small amount of purple
A square of hot pink

The puppet body pattern should be placed on a fold of the fabric at the dotted line. You will need two body parts—one for the front of the puppet and the other for the back of the puppet. **IMPORTANT: Do not glue or sew the front to the back until the other pieces are in place.** Cut out the other pieces. Sew or glue the pieces to the front head piece before putting the puppet together. Draw features on with a magic marker. (Alternative—embroider the features on.) This should be done prior to putting the puppet together. The puppet can then be sewn or glued together around the edges leaving the bottom open for your hand.

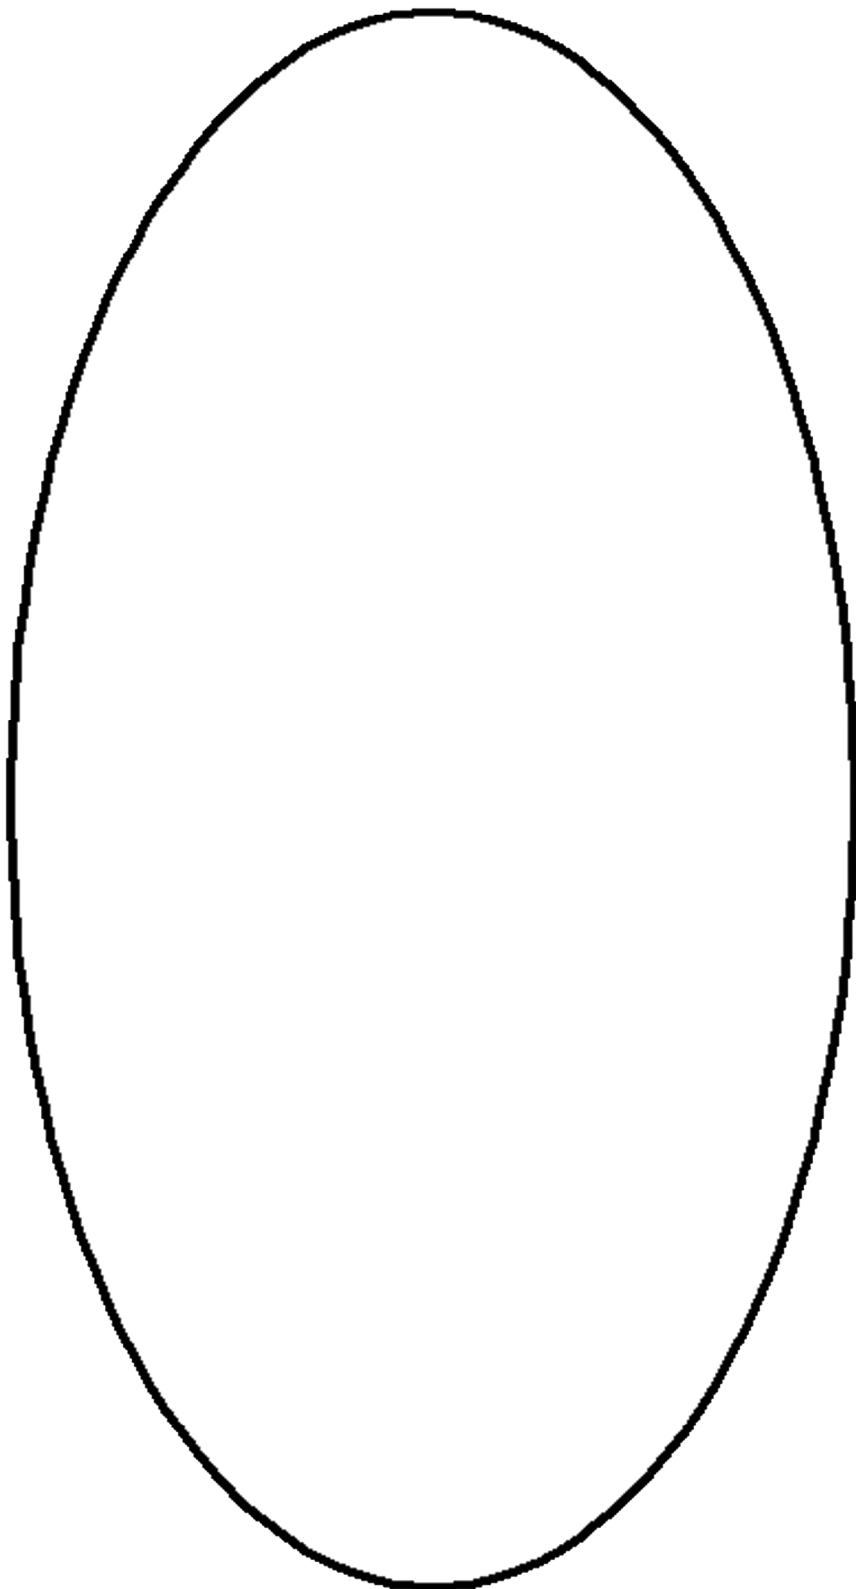

**Front and back body
Cut two of these**

**Tweaky body
Place pattern
on fold of the
fabric at the
dotted line and
cut on the solid
lines only.
Cut one for the
body front and
one for the
body back**

**Pieces cut
from two
squares of
green felt**

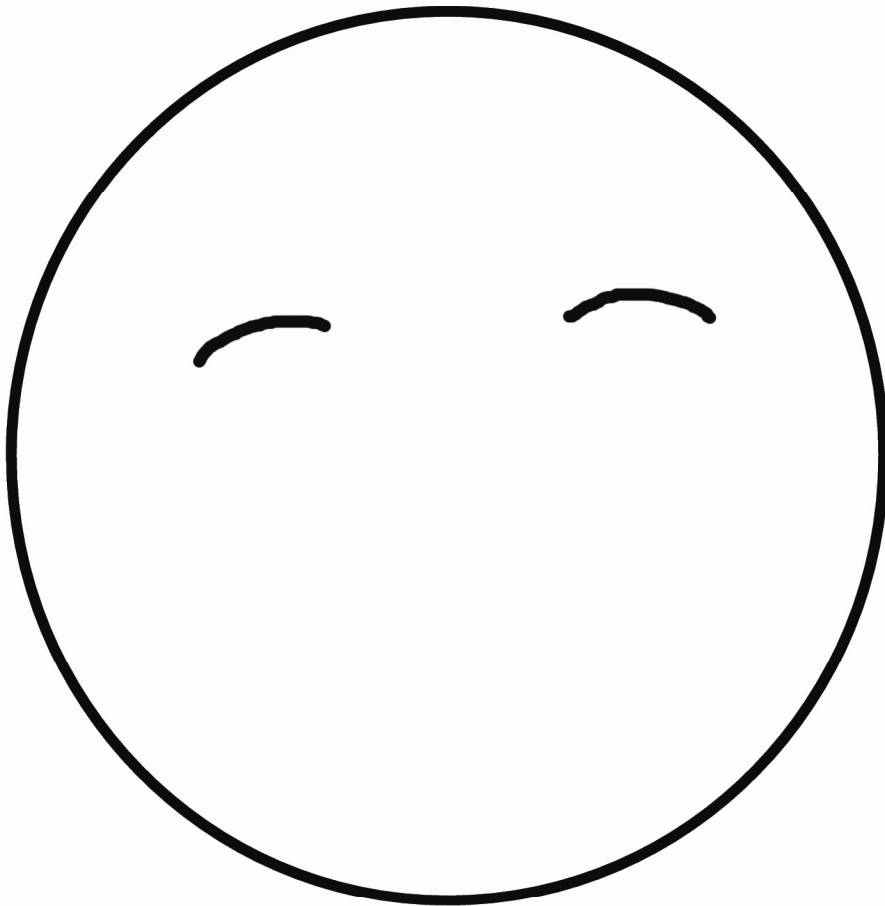

Tweaky's underbelly
Cut one from hot pink felt
Attach to front body
before assembly

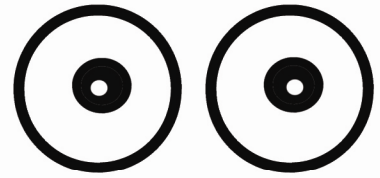

Tweaky's beaks
Cut from yellow felt
Attach one to each
head piece
before assembly

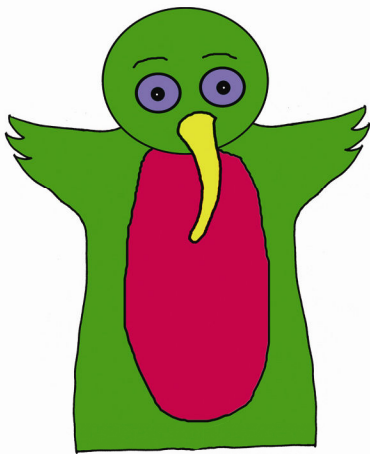

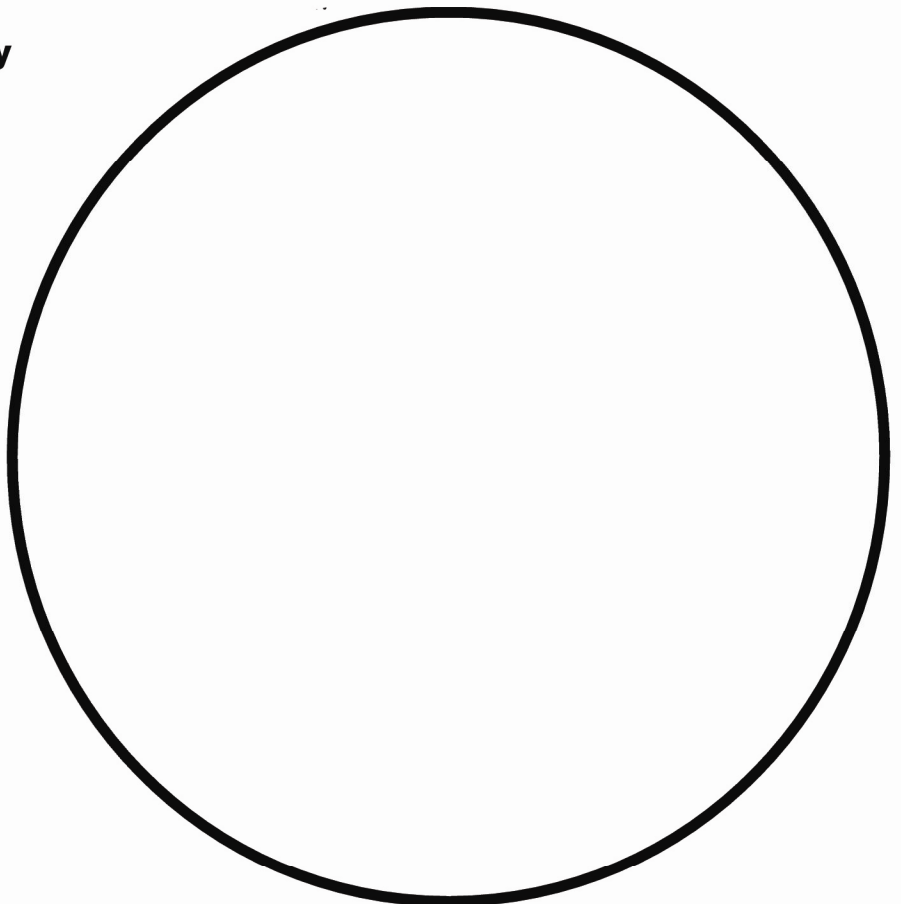

**Tweaky's face front
Attach eyes
before assembly**

**Tweaky's eyes
Cut from purple felt
Attach to face
front before
assembly**

**This is how
the puppet will look
when completed**
